PROFESSIONAL SUMMARIES

A dedicated Computer Science student with strong interests in **Full-Stack Web Development** (React.js, Node.js, MongoDB, Firebase) and **UI/UX Design** (Figma, Photoshop, Canva). Experienced in building real-world, user-friendly applications and committed to continuous learning of modern technologies. Successfully completed industrial training and internships, gaining practical exposure to application development and design processes.

EDUCATION

B.Tech in Computer Science & Engineering, DAV University (GPA: 7.8)
2022 — Present
Jalandhar, India

Degree of Intermediate, DAV Public School (GPA: 6.93)
Mar '21 — Apr '22
Gaya, India

Degree of Matriculation, DAV Public School (GPA: 7.3)
Mar '19 — Apr '20
Gaya , India

TRAINING

Backend Developer
Coder Roots
Jun '25 — Jul '25
Mohali, Punjab

Web Developer
O7 Services
Jun '24 — Jul '24
Jalandhar, India

PROJECTS

StockCart Link
Aug '25 — Present
- **Domain: Backend Development**
  Technologies : Node.js, MongoDB, Express, REST APIS
  Objective :
  Developed a trade and inventory management platform for shopkeepers and wholesalers with secure authentication, multi-role access, and seamless CRUD operations. Designed efficient MongoDB schemas and scalable RESTful APIs for stock tracking, approvals, and billing.
  Learning Outcomes :
  Built scalable APIs, optimized database schemas, and implemented secure authentication and authorization.

CrownWheels Link
Nov '24 — Dec '24
- **Domain: Web Development**
  Technologies : HTML, CSS, Bootstrap, JavaScript, Node.js, React, Firebase
  Objective :
  Developed CrownWheels, a responsive web platform for car owners to rent out their unused vehicles, by leveraging the same technologies and foundational concepts from my earlier project. The system connects owners with verified users, enabling seamless bookings, pricing views, and rental schedule management through a user-friendly interface
  Learning Outcomes :
  Enhanced full-stack development, real-time data integration, and responsive UI/UX design skills.

LimeLite Link
Jul '24 — Sep '24
- **Domain: Web Development**
  Technologies : HTML, CSS, Bootstrap, JavaScript, Node.js, React, Firebase
  Objective :
  Built a web platform connecting influencers and clients for brand collaborations and ad campaigns. Implemented role-based authentication with Firebase, real-time campaign tracking, and responsive dashboards for efficient influencer management.
  Learning Outcomes :
  Strengthened full-stack development, user role management, and responsive UI design skills.

SKILLS

Programming Languages   C, C++
Web Technologies   HTML, CSS, JavaScript, Javascript
Library & Frameworks   Bootstrap, React.js, Node.js, REST APIS
Databases   Firebase, MongoDB
Design Tools   Adobe Photoshop, Canva, Figma
Other Tools   Git, VS Code, Postman, MS Office, Cloudinary, Compass, Atlas, Jira, Trello
Soft Skills   Leadership, Communication, Creativity, Teamwork, Problem Solving, Project Management, Multitasking, Coordination

VOLUNTEERING

Event Manager, GDG Jalandhar-Oncampus DAVU

DAV University, Jalandhar
Nov '24 — Jun '25

- Volunteered at DevFest Jalandhar 2024, assisting in event execution for 300+ participants.
- Designed 10+ digital posters and creatives, boosting event engagement.

CERTIFICATIONS

Summer Training (Backend Development using NodeJs), Coder Roots — Jun '25

GDG Tech Winter Session, GDG Jalandhar Oncampus DAVU — Dec '24

GDG Volunteer, (GDG, Jalandhar)

Summer Training (Specialization in ReactJs & Firebase)-, O7 Services — Jun '24

AWARDS

GDG Volunteer & Event Designer
GDG Jalandhar

- Volunteered at DevFest Jalandhar 2024, assisting in event execution for 300+ participants.
- Designed 10+ digital posters and creatives, boosting event engagement.

Hackathon Coordinator
DAV University

- Coordinated 2+ hackathons with 200+ participants, managing schedules and teams.
- Improved participation by 20% through effective promotion.

Class Representative 2022 – Present)
DAV University

Aug '22

- Represented a batch of 55+ students for 3 consecutive years.
- Acted as a liaison between faculty and students, ensuring smooth communication.

Coordinator Event Lead (Technical)
DAV University

Aug '25

- Organized coding contests, seminars, and hackathons to boost student engagement.
